CHEATED DEATH

Young Man Has Leg Broken in Two Places.

While trying to avoid a team which had suddenly driven into the elevator at Weston, Friday, Carl Kratzer, 20, stepped backward into the grain receptacle the door being raised and the machinery in motion.

While he saved his life by grimly hanging to a board his leg was broken in two places and he received many serious bruises.

A box social and program will be held at Sub-District No. 11, on Wednesday evening, Jan. 22, '08. Everybody invited.

GRACE BLINN, Teacher.

FORCED TO RESIGN

W. I. Woodin, who, for several years past, has been the advertising manager for A. Froney & Co., and has been at the head of their gent's clothing department, will not greet so many of his old friends there now as formerly, for he has had to give up a part of his work on account of poor health. He will continue, however, to write the Froney advertisements but will devote the rest of his time to life insurance, thereby getting out-of-doors, and hoping to regain lost health and strength. Mr. Woodin's speedy return to health will be very gratifying to his host of friends throughout the county.

TAX PAYING TIME

The county treasurer will receive taxes until January 20, 1908, although the books will not be closed until January 25.

EXCELLENT CONDITION

Board of Charities Examine County Jail and Report Favorably.

The Wood county board of charities and corrections paid a visit to the county jail Saturday.

As required by law, the board gave no intimation to Sheriff Roach or his wife that they were going to make the visit; consequently the place was seen in its ordinary condition—as the prisoners find it every day.

Sheriff Roach and his wife were both away at the time and Deputy Shoecraft admitted the board to the bastille and showed them around.

The members are loud in their praise of the manner in which the sheriff has conducted the place. It had a healthy, sanitary appearance. The air was fresh, even sweet. The floors were scrupulously clean; each prisoner was fitted out with an individual cup of water; the bedding was clean and, as the prisoners stated, is changed weekly.

In the matter of food everyone of the prisoners expressed himself as well satisfied with the quality, quantity and variety furnished and their healthy looks bore evidence that they fed well. As one man expressed it: "All that I can object to is that the sheriff won't let me out."

Since Mr. Roach took the office the people of Wood county have several times had opportunity to observe his fearlessness in the face of danger, his acuteness in tracing criminals, and his prompt execution of the duties of his office. Now that the Board of Charities and Corrections have placed their stamp of approval upon his method of conducting the jail, his peculiar fitness for the office he is holding is even more apparent.

THE DEACON

To be Presented Soon by Local Talent.

Do you remember "The Deacon," played 14 years ago at the town hall? It was the greatest amateur drama ever played in Perrysburg, and it drew the largest crowds.

You will have an opportunity of seeing it again January 29 and 30, at the "same old place." Do not miss it; the cast is good, the music will be fine and the specialties between acts first-class.

There will be one admission price the first night, namely 25c; the second children under 12 years will be admitted for 15c. Doors will be opened at 7:15 p. m. and the curtain will raise at 8 p. m. Do not forget the date.

OFFICERS INSTALLED.

The following officers were installed by Wolford Post No. 51, G. A. R.:
Commander—J. G. Letherer.
Senior Vice Commander—H. F. McAllister.
Junior Vice Commander—Thomas Frusher.
Adjutant—Fred Yeager.
Surgeon—B. F. Butler.

Officer of the Day—D. H. Watters.
Officer of the Guard—Aaron Knull.
Sergeant Major—Isaac Whitson.
Quarter Master Sergeant—W. A. Skinner.
Patriotic Instructor—E. L. Kingsbury.

After the installation the officers and members were charmingly entertained at the home of A. J. Witzler in honor of his father Peter Witzler, who has been Quartermaster of the Post for several years. The boys expressed their appreciation of the reception by a vote of thanks.

A CURE FOR MISERY.

"I have found a cure for the misery malaria poison produces," says R. M. James, of Louellen, S. C. "It's called Electric Bitters, and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at Wm. Comstock & Son's drug store.

ODD FELLOWS CELEBRATE.

On Tuesday night, Dec. 31, 1907, the members and families of Ft. Meigs lodge of Odd Fellows assembled at their hall and enjoyed a charming evening's entertainment. A literary and musical program proved a very pleasing feature of the evening. A. C. Fuller's orchestra furnished excellent music for the occasion. A vocal solo, "Star of the East," by Chester Mills, was well rendered and highly enjoyed. An elaborate supper was served and everybody had a pleasant time and the event was a fitting closing of the old year.

DUTY OF REPUBLICANS

Get Posted and Get Busy at the Primaries.

The Republican Central committee has designated Tuesday, February 11, 1908, between the hours of 1 and 7 p. m., for the purpose of nominating candidates for county offices.

The time for campaign work is short and the candidates cannot get out and show themselves to everybody or solicit assistance from each Republican, but the people can post themselves regarding the merits of the candidates and should go to the primaries and make their choice known by their ballots.

There will be 16 places to fill on the ticket, and among these are seven who ask for renomination. These are—George Reed, for representative; F. W. Toan, for auditor; Ed L. Blue, for clerk of courts; A. C. Roach, for sheriff; J. E. Ladd, for prosecutor; W. W. Sockman, for commissioner; A. R. Buck, for infirmary director.

Leslie Stacy, Infirmary Director. Indications now point to a large list of candidates for the other offices and the Republicans should see that good men are selected for all places.

Besides these officers there are central committeemen to elect and it is important that these places should be filled by good, hustling men who will do their fullest duty to the Republican party should be selected. You have four weeks only in which to make your selections.

"THE RIVER HOME" POULTRY YARDS.

As this publication reaches more or less of our agriculturists who are interested in pure bred stock of various breeds, none which are more productive and a source of profit than pure bred poultry, for the amount of labor and money invested, we will give our readers a description of the stock, plant, and methods used by our largest and most up-to-date local breeders, The River Home Poultry Yards.

These yards are located near the Perrysburg car barns on the river road, and are situated with commanding views from both car line, and railroad, and it will be an interesting visit to all, whether interested in poultry or otherwise to inspect this plant, and note the system by which their business is carried on.

Light Brahmas, and Barred Plymouth Rocks are the varieties bred, and it has been our pleasure to see as fine and healthy a lot of poultry as we believe is possible to produce. The results of scientific methods are shown in every respect with regards to housing, feeding, mating and incubating, which seems to be a most fascinating industry.

From the incubator room, brooder house, breeding pens, colony houses, to the yards, cleanliness is to be observed at every point.

Each compartment is completely equipped for the convenience of stock, and all appliances necessary for daily use are in their respective order.

There are at present over six hundred birds housed, and over 2100 chicks were hatched and raised to maturity the past season.

The record of each and every pen is kept, a bird in the breeding pens must prove its merits, and be up to standard before being placed in these pens.

Only by the particular attention that is given such birds can they produce exhibition or profitable young stock.

In the office of this plant, which looks business like, books are kept which can be referred to.

The date when chicks are hatched, the number of eggs laid, the number of each bird, the toe marks, and all details of each individual is also made a record of.

Preparations are being made for the coming Toledo Poultry Show, the most promising specimens are being selected from the yards, scored for points, and given separate quarters, where they will be groomed and specially treated, so as to be able to compete for honors in the finest condition.

During the past season extensive remodeling has been done, no expense has been spared to make this a model fanciers plant.

All buildings are lighted by electricity, heated with furnace, pure running water is accessible at all times, and in fact everything arranged with such system, and convenience that it is a credit to the management.

We are given permission to state that visitors are welcome at all times, and by our visit we know you will be shown every courtesy.

PRIMARIES ON FEB. 11

Republican County Nominations Are to be Made Then.

The following is taken from the Sentinel's report of the Republican Central Committee's meeting:

Primaries for the selection of Republican county candidates.

Primaries for the nomination of a congressman in the ninth congressional district.

Primaries for the nomination of a candidate for the circuit court.

Primaries for the selection of nine delegates and nine alternates to the Republican state convention.

These are to be held on the afternoon of February 11 from one to seven, according to the Bronson Primary law.

This was decided at a meeting of the Republican county central committee which met at the assembly rooms at the court house Saturday.

The first matter taken up by the committee was the ratification of the state call providing for primaries on Feb. 11, to select nine delegates and nine alternates to the state convention which is to be held in Columbus, March 2 and 3.

Chairman Saylor of the committee, called the meeting to order and roll call showed that 41 committeemen were present and eight proxies, making a total of 49 of the sixty-seven committeemen, the best attendance for many months.

After the meeting had been called to order for business, Mr. James took the floor and presented a resolution. He stated that he had conceived a way to select the delegates to the state convention wholly within the call without having the labeled lists placed upon the ticket designated for Foraker or Taft. He said that his resolution represented wholly an idea of his own and that if the committee did not see fit to adopt it, all well and good.

He said he was for harmony. He stated that he spoke as representative of the two United States senators and that their wishes should certainly bear weight.

Mr. James' resolution provided for the selection of delegates to the state convention in the order planned by the state call except that no names were to appear under the heading "Foraker Delegates" or "Taft Delegates." Whatever the action of the committee, he stated that there would be no Foraker list on the ballot. He wanted each of the candidates for delegates approved by ten voters of the county and placed on the ticket by the chairman of the Republican committee, in alphabetical order.

Mr. Kelly spoke at some length in support of the resolution as did Mr. Beverstock.

Mr. G. C. Nearing offered as a substitute to the James resolution a resolution providing for the selection of delegates to the state convention in accordance with the state call, explaining that the only difference between his and the James resolution was that his provided for a miscellaneous list and also a list marked Taft delegates or Foraker delegates made up of the friends of these men so that any one who had a preference between Taft and Foraker for president could express it without danger of being fooled as would be the case if the list was wholly miscellaneous, arranged in alphabetical order. He explained that the state plan did not shut out the alphabetical list. The roll was called and the result was forty-one for the Nearing substitute and eight against it. The substitute was then put and carried almost unanimously.

The meeting then adjourned until after dinner.

Mr. Beverstock, committeeman
